

the contender

Introducing the light weight, heavy hitter. The HD3 Series.

The HD3 Series is the newest contender in Honeywell's lineup of video security and surveillance cameras. With 540 TV lines of super high resolution, this 3-inch mini dome features a fully integrated indoor enclosure with a color camera and clear lower dome. The result is superior image quality and top-notch performance at no additional cost. And with a 3D-axis gimbal, the HD3 pans, tilts and rotates easily. It's a unanimous decision. The HD3 Series is the one you want in your corner.

Honeywell

The HD3 Series is now available in 540 TV lines (HD3VC4SHR) and 350 TV lines (HD3VC4SA) of resolution. For additional information, please call **1-800-796-CCTV (2288)** or visit **www.honeywellvideo.com**
